C. Morgan Injured

WATER SUPERINTENDENT BURNED

A freak accident on New Year's Day burned Charles Morgan badly as the propane gas heater in #4 Pumping Station exploded into a flash fire while Mr. Morgan, superintendent of the Mattapoisett Water Department, was making an inspection stop at the station. Apparently, the pilot of the gas heater went out and the safety device that is designed to stop the flow of gas failed and filled the station. Mr. Morgan had the

door to the building open, very fortunately, at the time that the gas ignited in a flash so intense that it burned most of the clothing off his body and charred the paint off a steel desk in the station. Mr. Morgan, badly burned as he was, managed to reach the radio in his truck to summon help. Mr. Morgan was taken to St. Luke's Hospital. He has been reported in excellent spirits and his burns have been treated. Mr. Morgan, at this writing, has been removed from the intensive care unit and is reported to be doing very well.

Mr. Morgan has been superintendent of the Water Department since 1968 having served as clerk of the department since 1961. He is a Mattapoisett native, a retired Major of the United States Army.

The flash fire did not cause any major damage to the station since the intense heat was brief and the open door let the pressure escape.

APPOINTED TRANSPORTATION REPRESENTATIVE

Manuel R. Nunes, Jr. of 9 Acushnet Road was reappointed by Selectmen as town representative on the Joint Transportation Planning Group of SERPEDD.

\$48,000 EEL POND QUOTE

Malcolm E. Graff, in a communication of 12/21, notified executive secretary George Hall that DPW engineers have estimated \$48,000 as the cost to dredge and rip rap the Eel Pond entrance. Mattapoisett's share would be 25% of the dredging cost and 50% of the stone cost estimated at approximately \$16,000.

amination. When they have a chance to go over these plans, Selectmen will reach a decision on whether or not to present a recommendation to the townspeople.

RIVER MEETING

The Board of Selectmen will meet with the Selectmen and Herring Insprectors of Rochester and Marion on Thursday night, January 10th, at 7:30. Mr. Allan Peterson, Division of Marine Fisheries, will appear to discuss the granting of returning the Mattapoisett River fishery to local control which his department desires to do. The Division wishes to return the control of the alewives fishery to the town of Mattapoisett.

DANCE APPROVAL

Selectmen issued a license to the Mattapoisett Lions Club to hold a dance from 9

P.M. on January 19, 1974, to 1 A.M. January 20th, to be held at the St. Anthony's Church hall.

PROTEST HAZARDOUS EYESORE

Paul J. Bradley, Mattapoisett Fire Chief, and Jonathan T. DePina, Mattapoisett Building Inspector, have both asked in writing that the Board of Selectmen issue an order to the owner of a building seemingly abandoned on the property of the Knights of Columbus on Route 6. The building was in the process of being moved east on the highway from Sconticut Neck and the owner asked permission to park it on K of C grounds for 2 days. Weeks have passed and Chief Bradley calls the structure a fire hazard for the neighborhood, a threat to safety to children and the biggest eyesore on Route 6, Mattapoisett. Mr. DePina says the structure is poorly shored and a safety hazard. These officials suggest that the Board of Selectmen notify the owner to remove the building in 7 days or else remove it with town equipment at the owner's expense.

SELECTMEN FIGHT FOR LOCAL RIGHTS

Richard T. Moore, chairman of the Massachusetts Selectmen's Association has written that the M.S.A. has filed several bills to tighten the grip of local officials on expenditures by the General Court. Specifically, they are trying to prevent the Legislature from continuing to pass mandatory programs with no funding. This practice throws the responsibility for funding to local officials to finance programs that they neither need nor want and can't afford.

ELECT HARVEY J. BLANCHETTE ASSESSOR

I respectfully request your support of my candidacy for the office of Assessor, town of Mattapoisett.

I feel I have shown interest, concern, and responsibility as Chairman of our Board of Appeals since its inception, seven years ago.

My previous six years of experience as a member and chairman of the New Bedford Vocational High School Board of Trustees, combined with thirty years of service as a finance and personnel officer in the United States Army Reserve, and supplemented by twenty-eight years in the insurance industry, should help me carry out the duties of Assessor.

It is my earnest desire to work for the best interests of our Town of Mattapoisett.

TO BENEFIT THE TENNIS COURTS

The new town tennis courts are almost complete at the Mattapoisett Center School property. This Mattapoisett Lions' Club community project this year is estimated to cost more than \$4500.00 plus many free hours donated by the members. The new courts, already paved, will be sealed and lined soon. In the Spring, the Mattapoisett Lions'

Club will erect the netting and wire fences so that the courts will be ready for warm weather. In addition to the new courts, the Lions will renovate and seal the older courts which are located next to the new ones.

The Lions are planning a January 19th Hawaiian Festival Benefit Dance for all Mattapoisett residents with the entire proceeds going for the new tennis courts for

Junior Grange

The Mattapoissett Junior Grange held its last meeting of the year on Sunday, December 30th, in the Grange Hall. After a short business meeting, a rehearsal on marching was held with the thought of forming a drill team which is one of the State Grange projects.

At the request of the matron, each Junior member brought in a package of gum. Most interesting creations were molded out of the gum by each girl and boy. The winners were

Quick Like a Glacier

Editorial, D.C.J.

Daylight Saving finally arrived to help stem the energy crisis after the Congress, acting with lightning (a pun, son) speed, kicked the proposal around for a good 3 months. This leads to no great confidence that body's ability to deal with an emergency that threatens to be a long-term affair. Perhaps the most outstanding lesson to be learned from this is the importance of a strong President. The President has been so effectively neutra-

lized by the blunders of his campaign people, and the endless Watergate investigation that, seemingly, he is no longer an effective force. The Congress, on the other hand, is an unwieldy vehicle so fond of recesses, vacations and the ponderous, glacierlike mechanisms of the 1800's. This leaves no governmental branch able to react with any speed to counteract a crisis.

The most disturbing thing to most of us is that most proposals to deal with this emergency are short range. The proposals to develop fossil fuels are wonderful for 10 to 30 years but what about after that. There is a thermal drill in existence that can bore to the hot mantle of the earth to create a heat source of unlimited potential. Somewhere in the Congress languishes a bill to research the effects of this method. There is technology available to separate hydrogen from the sea to use as a source of fuel that once burned turns back into water. There is an Oceanic Thermodyne system for using the temperature difference of the tropical sea to turn a turbine. This system dates from 1881. Discovered by physicist Jacques D'Arsonval, the system has been tested to some extent and is a completely clean energy source with the side effect of revitalizing the ocean by providing nutrients for sea life. We have

solar cells as a by product of the space program that might be mass produced for individual power sources. Mt. Washington is probably the windiest place in North America. Why not stud the peak with giant windmills to turn generators with a completely clean power source of unlimited scope. The deserts of the southwest bake under a fiery sun. Why not vitalize this energy as a power source. What we need is a program to develop, not the fossil fuel which are too valuable to burn because they are the raw material for our chemical and plastics industry, but the clean and natural sources of energy of which the earth abounds, most of which are non-polluting and renewable.

Most Americans would feel far more secure if there were less dependency on Alaskan oil, which is simply buying time for 30 years, and more plans for a project to develop and utilize the natural currents and thermal power of the earth which are unlimited. Such a project is worthy of a maximum effort of the kind that produced the atomic bomb and put an American on the moon.

MISS NEW BEDFORD SCHOLARSHIP PAGEANT

Every young lady dreams of becoming Miss New Bedford and possibly Miss America.

Yes, it's true the young lady who is selected as the 1974 Miss New Bedford could very well go on to become the next reigning Miss America.

The hour of decision nears for every young lady in the Greater New Bedford area as the search is on for contestants in this year's Pageant. Girls may be entered by any of the following ways: 1. By a friend or relative. 2. By the girl herself. 3. By a civic, social or church organization.

In order to qualify a girl must either work, live or go to school in the Greater New Bedford area, she must be 18 to 28 (by Labor Day), possess a form of talent and must never have been married.

This year, Mr. and Mrs. Herbert Baker of 61 Bridge Street in Fairhaven have been selected to serve as the entrants' chairmen, and all interested contestants are urged to contact them for any additional information.

The Bakers have announced that since there are so many civic and social organizations each year that conduct pageants that it is hoped they will consider entering one or more of the girls from their Pageant. Should anyone need additional information they are urged to contact Mr. and Mrs. Baker for further in-

MASS. JUNIOR MISS PAGEANT

Joanna Mort, Wareham's Junior Miss for 1974, begins her preparation for the Massachusetts Junior Miss Pageant to be held in Hyannis, Mass. on January 25 and 26, 1974. Massachusetts Junior Miss will then travel to Mobile, Alabama in May for the national finals.

As a contestant, Joanna will be judged on poise and appearance, physical fitness, scholastic achievement, creative and performing arts and judges' interview. Along with the chance to win scholarships in these categories, she will have additional opportunities through the allied competitions sponsored by Kraft Foods, John H. The contestants will arrive in Hyannis on January 23rd to start rehearsals for the state finals. During their stay, the Junior Misses will be guests in homes of area families. Two Junior Misses from opposite ends of the state are assigned to each home.

The pageant emphasizes the positive and stresses the overall growth and development of the girl, accenting in judging the importance of character, personality, intelligence, participation in community activities and creativity. An estimated 90,000 high school senior girls, in 1,500 communities, with over 30,000 volunteers in all 50 United States will participate in the 1974 Junior Miss Program.

Singers Invited to Join

CHORAL SOCIETY TO REHEARSE

The Greater New Bedford Choral Society will resume rehearsals at 8:00 P.M. starting Tuesday, January 8, 1974, at the First Unitarian Church parish house on Eighth Street, New Bedford.

William Whipple, chorus president, reports that plans are being made for a Spring concert. He invites everyone to join the chorus which includes a full range of men's and women's voices -- sopranos, altos, tenors and basses. No formal training is necessary.

Y.M.C.A. News

New programs for Mattapoisett and Marion area men and women are being offered at the New Bedford YMCA. A ten week Skin Diving course and a twelve week Scuba Diving course will be starting the middle of January along with new programs in fencing, karate, physical fitness, life-saving, yoga and Tiny Tots gym and swim. Interested area men and women are urged to call or visit the YMCA for further details.

All YMCA special courses are taught by certified professional instructors and are open to members or non-members at a special program fee. These programs are in addition to the varied regular programs offered to the

3500 men, women and children who are members of the Y.

The New Bedford YMCA will be holding a Yoga program beginning Friday, January 11th, from 9:30 to 11:00 A.M. The class is followed by a one-half hour recreational swim from 11:00 to 11:30 A.M. The course will run for 10 weeks, is co-ed, and is open to both members and non-members 17 years and over. The course is taught by a professional Yoga Association instructor.

The New Bedford YMCA will be starting a new Co-Educational Fitness Course on Friday, January 11th, from 7:30 to 9:30 P.M. The course will run every Friday night for 8 weeks. The program is co-ed and open to both members and non-members 17 years of age and over. This is a great chance for husbands, wives, and boyfriends and girlfriends to get together and have a great time by exercising and participating in group games. The course will include exercising from 7:30 to 8:00 P.M. followed by Volleyball, and other games such as basketball, floor hockey, soccer and water polo. This will be a fun time through fitness and group games.

The New Bedford YMCA will start an 8-week Tiny Tot Program on Monday, January 14th.

There will be two programs, one for both gym and swimming, and the other just a gym program. The course will be divided into beginners and advanced. The beginners are those children who are not yet oriented to water (can't place face and head in water) or who are in the program for the first time. The advanced are those children oriented to water, able to place face and head in water, and who have been in the program before.

In the gym program the children will be using various apparatus such as the trampoline balance beam, parallel bars, and they will play a variety of group games. The program is more than just a gym class. It is designed to help to develop the child's motor skills, to help the child to orient himself to group play, and to teach him how to enjoy the companionship of other children. The swim program teaches the child the vital steps necessary in learning how to swim. Its basic goal is to eliminate the child's fear of the water, give him confidence in the water, and to teach the child how to enjoy it. There are a variety of times scheduled and more information may be obtained by calling the Y at 997-0734.

The New Bedford YMCA's Skin Diving Course will begin on Saturday, January 19th, from 12:00 to 1:30 P.M. The 10 week program will be held every Saturday. The course is open to Y members and non-members 12 years and up and is co-educational. Any interested par-

ticipant must be an intermediate swimmer. Upon completion of the course participants will receive Skin Diving Certification. There will be a small fee for members and non-mem-

The New Bedford YMCA is starting a 12-week Scuba Diving Course on Thursday, January 17th, from 7:30 to 8:30 P.M. The course is co-ed and is open to members and non-members 16 years of age and over. Anyone interested must be an intermediate in swimming. After passing the course, participants will receive Scuba Diving I which is a pre-requisite for Scuba Diving Certification. Scuba Diving Certification will follow this course in April. There will be a fee for Y members and non-members. A certified Scuba Diving Instructor will teach the course.

For more information on any of the above programs and course contact the Y at 997-0734.

HOME DEEDED TO HISTORICAL SOCIETY

The Trustees of Tobey Hospital have today deeded the Captain John Kendrick House to the Wareham Historical Society.

The Captain John Kendrick House, located at 102 Main Street in Wareham, was purchased in 1778 by Captain Kendrick as his home from which his historic voyages started.

It was acquired by the Tobey family in 1872, and the trustees believe it fitting for this

antique house to belong to the Wareham Historical Society.

It is understood that it is to be converted into a Marine Museum of which the people

Rules for Cyclists

CHANGES IN BICYCLE LAW

Please note the following changes in the
Bicycle law effective December 21, 1973.
Refer to Chapter 40 Section 21 of the General
Laws.

I Bicycles may use all public roads except
limited access highways where signs are
posted and prohibit same.

II Must obey all traffic rules and regulations
except that:

1. Bicycles may pass a moving vehicle on
the right.

2. Hand signals must be used when turn-
ing or stopping.

3. Bicycles may be ridden on sidewalks
outside of business districts when necessary
in the interest of safety. Right-of-way shall
be given to pedestrians and an audible signal
used to pass.

III Bicycle operators shall follow these rules:

1. Ride single file

2. Ride one on a bike on a regular and perma-
nent seat. Unless designed for two.

3. Shall give audible signal when necessary
